The **Make-A-Wish Foundation**[®] grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. It is the largest wish-granting charity in the world, with 69 chapters in the United States and its territories.

The Central & South Texas chapter has granted more than 2,300 wishes since it was founded in 1984. During fiscal year 2006, volunteers and donors made it possible for 191 children in the area to experience the magic of a wish. Children from 40 counties in the central and southern regions of Texas benefit from the efforts of this chapter of the **Make-A-Wish Foundation**[®]. Visit them online at www.centralandsouthtexas.wish.org.
